RE: Notice of Violation

Dear Mr. Brooks:

Enclosed you will find a Notice of Violation (NOV) issued to BP America Production Company by the Department of Environmental Quality, Air Quality Division, for failing to comply with the permit requirement for routing vapors to the combustor for the Cabrito 3-31 facility located in Sublette County, Wyoming. This violation of permit CT-1708 was observed by Ms. Jennifer Frazier on March 24, 2008.

As the Department and this Division consider the failure to comply with air quality permit conditions to be a serious matter, I am considering recommending the Department refer this violation to the State Attorney General's office requesting a suit be filed in District Court to recover appropriate penalties. If you would like to discuss settlement of this Notice of Violation prior to referral to the Attorney General's office, please contact Ms. Karen Godman, Air Quality Compliance Program Principal, at 307-777-3774 no later than ten (10) days after receipt of this letter.

Should you have any questions or comments regarding this matter, please feel free to contact me or Ms. Karen Godman.

Sincerely,

David A. Finley
Administrator
Air Quality Division

NOTICE OF VIOLATION

NOTICE IS HEREBY GIVEN THAT:

1. The Department of Environmental Quality, Division of Air Quality, has found BP America Production Company, to be in violation of permit CT-1708 issued in accordance with W.S. 35-11-801 of the Wyoming Environmental Quality Act and Chapter 6, Section 2 of the Wyoming Air Quality Standards and Regulations at the Cabrito 3-31 located in Sublette County, Wyoming.

2. W.S. 35-11-801(a) states, "In granting permits, the Director may impose such conditions as may be necessary to accomplish the purpose of this act which are not inconsistent with the existing rules, regulations and standards."

3. Chapter 6, Section 2 of the Wyoming Air Quality Standards and Regulations prescribes the applicability and procedures for issuing permits to sources under Wyoming's construction and modification permitting program.

4. Permit CT-1708 was issued to Amoco Production Company on February 8, 2000. This permit then underwent a name change to BP America Production Company on March 25, 2008. Condition 5 of permit CT-1708 dictates control of vent vapors from tanks as follows:

"VOC emissions from the 400-barrel condensate storage tanks shall be controlled by a smokeless combustion device for at least one year following the date of installation of the control device..."

5. On March 24, 2008, Ms. Jennifer Frazier, Air Quality Division Engineer/Inspector, observed continuous significant amounts of vapors venting from two thief hatches. Venting vapors from thief hatches and not routing vapors from the condensate tanks to the combustion device is a violation of condition 5 of permit CT-1708.

6. Said violation consists of venting vapors from thief hatches and not routing vapors from the condensate tanks to the combustion device.

7. Under W.S. 35-11-901(a), any person who violates any provision of Article 2 of [the Environmental Quality Act] ... or any rule, regulation, standard or permit adopted pursuant to those provisions, or who violates any determination or order of the council pursuant to Article 2 of [the Environmental Quality Act] ... is subject to a penalty not to exceed ten thousand dollars ($10,000.00) for each violation for each day during which the violation continues, a temporary or permanent

injunction, or both a penalty and an injunction.

8. This notice is being sent to you pursuant to W.S. 35-11-701(c), which requires that, in any case of the failure to correct or remedy an alleged violation, the Director of the Department of Environmental Quality shall cause a written notice to be issued and served upon the person alleged to be responsible.

DATED this 28th day of July, 2008.
