Department of Environmental Quality, Division of Air Quality PUBLIC NOTICE: In accordance with Chapter 6, Section 2(m) of the Wyoming Air Quality Standards and Regulations, notice is hereby given that the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to approve a request by Chesapeake Operating, Inc. to construct a new multiple well sweet crude oil and natural gas production facility, known as the Smith Creek 8-32-70 B PAD, consisting of the Smith Creek 8-32-70 B SX 5H, B SX 7H and B SX 9H wells, with two smokeless combustion devices to control volatile organic compounds and hazardous air pollutant emissions associated with the oil tanks, active produced water tanks, truck loadout, and a vapor recovery unit to capture flash gas from the low-pressure tower, located in the NW1/4NW1/4 of Section 8 T32N, R70W, approximately five (5) miles east of Douglas, in Converse County, Wyoming.

For the duration of the public comment period, copies of the permit application, the agency's analysis, and the public notice are available for public inspection online at http://deq.wyoming.gov/aqd/new-source-review/resources/applications-on-notice/ and at the Converse County Clerk's Office, Douglas, Wyoming. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities.

Written comments may be directed to Steven A. Dietrich, Administrator, Division of Air Quality, Department of Environmental Quality, 122 W. 25th St., Cheyenne, Wyoming 82002 or by fax (307) 777-5616. Please reference A0001056 in your comment. Comments submitted by email will not be included in the administrative record. All comments received by 5:00 p.m., Friday, October 23, 2015 will be considered in the final determination on this application. A public hearing will be conducted only if in the opinion of the administrator sufficient interest is generated or if an aggrieved party so requests.
