Re: **Termination of Notice of Violation (Docket No.) 4860-11, LMO 1322ET, Pinnacle Materials (Converted to SP0796, Russell Construction)**

Notice of Violation (Docket No.) 4860-11 was issued to Pinnacle Materials on July 7, 2011 for exceeding the approved 10 acres of disturbance for LMO 1322ET. LMO 1322ET was converted to a small mine permit (SP0796) on August 14, 2012. Pinnacle Materials, Inc. was dissolved administratively by the Wyoming Secretary of State's Office on July 14, 2013. SP0796 was transferred to Russell Construction Co. on October 8, 2013.

This memo serves as the Land Quality Division's Notice of Termination for Notice of Violation (Docket No.) 4860-11 to Pinnacle Materials, Inc. Since LMO 1322ET was converted to a small mine permit exceeding 10 acres of disturbance no longer applies. In addition, all liability for lands disturbed under LMO 1322ET was transferred to SP0796 with the permit conversion and covered under the reclamation performance bond for SP0796. Thus, I am recommending the termination of NOV Docket No. 4860-11.
