RE: Notice of Violation

Dear Mr. Garcia:

Enclosed you will find a Notice of Violation (NOV) issued to Wyoming Sugar Company LLC by the Department of Environmental Quality, Air Quality Division, for odors from your Worland Factory in excess of that allowed by regulation. These odor exceedances were observed during odor monitoring conducted by the Air Quality Division at your facility on both May 7, 2007 and May 23, 2007.

As the Department and this Division consider the failure to comply with air quality regulations to be a serious matter, I am considering recommending the Department refer this violation to the State Attorney General's office requesting a suit be filed in District Court to recover appropriate penalties.

If you would like to discuss settlement of this Notice of Violation prior to referral to the Attorney General's office, please contact Ms. Karen Godman, Air Quality Compliance Program Principal, at 307-777-8601 no later than ten (10) days after receipt of this letter.

Should you have any questions or comments regarding this matter, please feel free to contact me or Ms. Karen Godman.

Sincerely,

David A. Finley
Administrator
Air Quality Division
