Thayne, WY 83127

RE: Notice of Violation

Dear Mr. Hebdon:

Enclosed you will find a Notice of Violation (NOV) issued to Hebdon Construction by the Department of Environmental Quality, Air Quality Division, for the failure to obtain an air quality permit prior to commencing construction and operation of the crushing and screening equipment located at the Hebdon Construction Gravel Pit in Lincoln County, Wyoming in violation of W.S. 35-11-801 of the Wyoming Environmental Quality Act and Chapter 6, Section 2(a)(i) of the Wyoming Air Quality Standards and Regulations. This violation was discovered during an inspection conducted on July 31, 2009.

As the Department and this Division consider the failure to comply with air quality permitting requirements to be a serious matter, I am considering recommending the Department refer this violation to the State Attorney General's office requesting a suit be filed in District Court to recover appropriate penalties. If you would like to discuss settlement of this Notice of Violation prior to referral to the Attorney General's office, please contact Ms. Karen J. Godman, Air Quality Compliance Program Principal, at 307-777-8601 no later than ten (10) days after receipt of this letter.

Should you have any questions or comments regarding this matter, please feel free to contact me or Ms. Karen Godman.

Sincerely,

David A. Finley
Administrator
Air Quality Division

DOCKET NO. 4612-09

NOTICE OF VIOLATION

NOTICE IS HEREBY GIVEN THAT:

1. The Department of Environmental Quality, Division of Air Quality, has found Hebdon Construction to be in violation of W.S. 35-11-801(c) and Chapter 6, Section 2(a) of the Wyoming Air Quality Standards and Regulations in the operation of crushing and screening equipment located at the Hebdon Construction Gravel Pit in Lincoln County, Wyoming.

2. W.S. 35-11-801(c) states, "A permit to construct is required before the construction or modification of any industrial facility capable of causing or increasing air or water pollution in excess of standards established by the department is commenced."

3. Chapter 6, Section 2 of the Wyoming Air Quality Standards and Regulations prescribes the applicability and procedures for issuing permits to sources under Wyoming's construction and modification permitting program.

4. Chapter 6, Section 2(a)(i) of the Wyoming Air Quality Standards and Regulations states, "Any person who plans to construct any new facility or source, modify any existing facility or source, or to engage in the use of which may cause the issuance of or an increase in the issuance of air contaminants into the air of this state shall obtain a construction permit from the State of Wyoming, Department of Environmental Quality, before any actual work is begun on the facility."

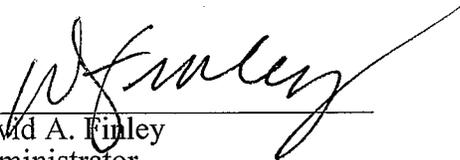

5. On July 31, 2009, Air Quality Division Engineers, Mr. Greg Meeker and Ms. Heidi Johnson visited the Hebdon Construction Gravel Pit and conducted an inspection of the site. Upon inspection, crushing and screening equipment was observed in operation. Subsequent discussion with company representative, Mr. Kade Hebdon, indicated that the crushing and screening equipment was owned and operated by Hebdon Construction and a review of the Air Quality Division's files showed that this equipment does not have an air quality permit.

6. Said violation consists of the failure to obtain an air quality permit for the crushing and screening equipment at this site in violation of W.S. 35-11-801(c) of the Wyoming Environmental Quality Act and Chapter 6, Section 2(a) Wyoming Air Quality Standards and Regulations.

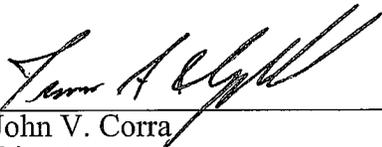

7. Under W.S. 35-11-901(a), any person who violates any provision of Article 2 of [the Environmental Quality Act] ... or any rule, regulation, standard or permit adopted pursuant to those provisions, or who violates any determination or order of the council pursuant to Article 2 of [the Environmental Quality Act] ... is subject to a penalty not to exceed ten thousand dollars (\$10,000.00) for each violation for each day during which the violation continues, a temporary or permanent injunction, or both a penalty and an injunction.

8. This notice is being sent to you pursuant to W.S. 35-11-701(c), which requires that, in any case of the failure to correct or remedy an alleged violation, the Director of the Department of Environmental Quality shall cause a written notice to be issued and served upon the person alleged to be responsible.

DATED this 22nd day of December, 2009.

David A. Finley
Administrator
Air Quality Division

John V. Corra
Director
Department of Environmental Quality

Please direct all inquiries to David A. Finley, Administrator, Division of Air Quality, Department of Environmental Quality, Herschler Building, 2nd Floor, 122 W. 25th Street, Cheyenne, Wyoming 82002. (Telephone: 307/777-7393.)
