RE: Notice of Violation

Dear Mr. Brooks:

Enclosed you will find a Notice of Violation (NOV) issued to BP America Production Company by the Department of Environmental Quality, Air Quality Division, for failing to comply with the permit requirement for routing vapors to the emission control device for the Frewen 17-10D PAD facility located in Sweetwater County, Wyoming. This violation of permit CT-12774 was observed by Mr. Jared Beck on May 31, 2012.

As the Department and this Division consider the failure to comply with air quality permit conditions to be a serious matter, I am considering recommending the Department refer this violation to the State Attorney General's office requesting a suit be filed in District Court to recover appropriate penalties. If you would like to discuss settlement of this Notice of Violation prior to referral to the Attorney General's office, please contact Ms. Karen Godman, Air Quality Compliance Program Principal, at 307-777-3774 no later than ten (10) days after receipt of this letter.

Should you have any questions or comments regarding this matter, please feel free to contact me or Ms. Karen Godman.

Sincerely,

Steven A. Dietrich
Administrator
Air Quality Division
