Re: Notice of Violation Docket # 5074-12

Dear LTC Beaudoin:

We are in receipt of the information that the checklist used for demolition and renovation projects was updated to address the Asbestos Air Quality Rules. Information was reviewed and found to fulfill the requirements contained within the Settlement Agreement. The Division is satisfied that the requirements stipulated within the settlement agreement have been completed. The file will be annotated to show that the requirements have been fulfilled. We appreciate the opportunity to work in a collaborative capacity with Wyoming Military Department to resolve compliance concerns.

At this point I'm satisfied that the concerns in the Notice of Violation and Settlement Agreement have been satisfactorily resolved and will close the Notice of Violation.

On this basis, no further action will be taken regarding the Notice of Violation. If you should have any questions, please feel free to contact Karen Godman at (307) 777-8601.

Sincerely,

Steven A. Dietrich
Administrator
Air Quality Division
