Re: Notice of Violation D# 5111-13

Dear Mr. Brower:

Thank you for your submittal of the Notice of Installation for the J-W Williams combustor at the Hoback-Pipeline-Rim Station dated May 3, 2013. Review of these documents were conducted and found to fulfill the requirements contained within the Settlement Agreement. As the other elements of the Settlement Agreement were completed prior to these letters and submittal and the information provided was found to fulfill the remaining requirements of the Settlement Agreement, the Division is satisfied that the requirements stipulated within the settlement agreement have been completed. The file will be annotated to show that the requirements have been fulfilled. We appreciate the opportunity to work in a collaborative capacity with Lower Valley Energy, to resolve compliance concerns.

If you should have any questions, please feel free to contact Karen Godman at (307) 777-8601.

Sincerely,

Steven A. Dietrich
Administrator
Air Quality Division
