RE: Notice of Violation

Dear Ms. Caldwell:

Enclosed you will find a Notice of Violation (NOV) issued to BP America Production Company by the Department of Environmental Quality, Air Quality Division, for failing to comply with permit requirements for routing vapors to the emission control device and venting vapors at the CG Road 2-110 PAD facility, located in Sweetwater County, Wyoming. These are violations of permit CT-14344. These violations were observed by Mr. Jeff Wendt on May 7, 2013.

As the Department and this Division consider the failure to comply with air quality permit conditions to be a serious matter, I am considering recommending the Department refer this violation to the State Attorney General's office requesting a suit be filed in District Court to recover appropriate penalties. If you would like to discuss settlement of this Notice of Violation prior to referral to the Attorney General's office, please contact Ms. Karen Godman, Air Quality Compliance Program Principal, at 307-777-8601 no later than ten (10) days after receipt of this letter.

Should you have any questions or comments regarding this matter, please feel free to contact me or Ms. Karen Godman.

Sincerely,

Steven A. Dietrich
Administrator
Air Quality Division
