RE: Notice of Violation

Dear Mr. Dundas:

Enclosed you will find a Notice of Violation (NOV) issued to Eighty Eight Oil LLC by the Department of Environmental Quality, Air Quality Division, for failing to obtain an air quality permit prior to commencement of construction for the Fort Laramie Railcar Loading Station located in Goshen County, Wyoming. This is a violation of Chapter 6, Section 2(a)(i) of the Wyoming Air Quality Standards and Regulations. This violation was observed by Mr. Glenn Spangler, Air Quality Division Engineer/Inspector on July 9, 2013.

As the Department and this Division consider the failure to comply with air quality permitting requirements to be a serious matter, I am considering recommending the Department refer this violation to the State Attorney General's office requesting a suit be filed in District Court to recover appropriate penalties. If you would like to discuss settlement of this Notice of Violation prior to referral to the Attorney General's office, please contact Ms. Karen Godman, Air Quality Compliance Program Principal, at 307-777-8601 no later than ten (10) days after receipt of this letter.

Should you have any questions or comments regarding this matter, please feel free to contact me or Ms. Karen Godman.

Sincerely,

Steven A. Dietrich
Administrator
