Re: Notice of Violation Docket # 5014-12

Dear Mr. Dinsmoor:

Thank you for the submittal of payment September 12, 2013. We are in receipt of the information for the installation of anemometers, procedures for utilizing meteorological data, training for Action Plan responses by various plant personnel, and air protection training for new employees. Itemized costs and receipts for the project were also reviewed and found to fulfill the requirements contained within the Settlement Agreement to include the permit modification for this facility. The Division is satisfied that the requirements stipulated within the settlement agreement have been completed. The file will be annotated to show that the requirements have been fulfilled. We appreciate the opportunity to work in a collaborative capacity with Powder River Coal, LLC to resolve compliance concerns.

If you should have any questions, please feel free to contact Karen Godman at (307) 777-8601.

Sincerely,

Steven A. Dietrich
Administrator
Air Quality Division
