

In accordance with Chapter 6, Section 2(m) of the Wyoming Air Quality Standards and Regulations, notice is hereby given that the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to approve a request by EOG Resources Inc. to construct a new multiple well sweet crude oil and natural gas production facility, known as the Jubilee Section 22 PAD, consisting of the Jubilee 155-2210H, 156-2227H, 529-2227H and 531-2210H wells, with two (2) smokeless combustion devices to control volatile organic compound and hazardous air pollutant emissions associated with the oil tanks, active produced water tanks, truck loadout and VRT flash gas, located in the NW1/4NW1/4 of Section 22, T13N, R65W, approximately ten (10) miles east-southeast of Cheyenne, in Laramie County, Wyoming.

For the duration of the public comment period, copies of the permit application, the agency's analysis, and the public notice are available for public inspection online at <http://deq.wyoming.gov/aqd/new-source-review/resources/applications-on-notice/> and at the Laramie County Clerk's Office, Cheyenne, Wyoming. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities.

Written comments may be directed to Steven A. Dietrich, Administrator, Division of Air Quality, Department of Environmental Quality, 122 W. 25th St., Cheyenne, Wyoming 82002 or by fax (307) 777-5616. Please reference A0000375 in your comment. Comments submitted by email will not be included in the administrative record. All comments received by 5:00 p.m., Friday, October 2, 2015 will be considered in the final determination on this application. A public hearing will be conducted only if in the opinion of the administrator sufficient interest is generated or if an aggrieved party so requests.
