

In accordance with Chapter 6, Section 2(m) of the Wyoming Air Quality Standards and Regulations, notice is hereby given that the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to approve a request by EOG Resources Inc. to modify the Jubilee 584-1705H PAD by adding an additional well and associated production equipment and changing the facility name to the Jubilee 17 NWNE PAD. The facility includes two (2) smokeless combustion devices to control VOC and HAP emissions associated with the active produced water tank, condensate tanks and truck loadout. EOG has proposed to implement an LDAR protocol to reduce fugitive emissions at the facility. The Jubilee 17 NWNE PAD is located in the NW1/4 NE1/4 of Section 17, T13N, R65W, approximately eight (8) miles east-southeast of Cheyenne, in Laramie County, Wyoming.

For the duration of the public comment period, copies of the permit application, the agency's analysis, and the public notice are available for public inspection online at <http://deq.wyoming.gov/aqd/new-source-review/resources/applications-on-notice/> and at the Laramie County Clerk's Office, Cheyenne, Wyoming. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities.

Written comments may be directed to Steven A. Dietrich, Administrator, Division of Air Quality, Department of Environmental Quality, 122 W. 25th St., Cheyenne, Wyoming 82002 or by fax (307) 777-5616. Please reference A0000966 in your comment. Comments submitted by email will not be included in the administrative record. All comments received by 5:00 p.m., Monday, September 28, 2015 will be considered in the final determination on this application. A public hearing will be conducted only if in the opinion of the administrator sufficient interest is generated or if an aggrieved party so requests.
