

**In accordance with Chapter 6, Section 2(m) of the Wyoming Air Quality Standards and Regulations, notice is hereby given that the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to approve a request by Peak Powder River Resources, LLC to construct a new sweet crude oil and natural gas production facility, known as the Van Buggenum 1-2H, with a smokeless combustion device to control volatile organic compound and hazardous air pollutant emissions associated with the oil storage tanks, located in the SE1/4SW1/4 of Section 35, T44N, R75W, approximately nine (9) miles south-southwest of Savageton, in Campbell County, Wyoming.**

**For the duration of the public comment period, copies of the permit application, the agency's analysis, and the public notice are available for public inspection online at <http://deq.wyoming.gov/aqd/new-source-review/resources/applications-on-notice/> and at the Campbell County Clerk's Office, Gillette, Wyoming. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities.**

**Written comments may be directed to Steven A. Dietrich, Administrator, Division of Air Quality, Department of Environmental Quality, 122 W. 25<sup>th</sup> St., Cheyenne, Wyoming 82002 or by fax (307) 777-5616. Please reference A0001231 in your comment. Comments submitted by email will not be included in the administrative record. All comments received by 5:00 p.m., Friday, October 9, 2015 will be considered in the final determination on this application. A public hearing will be conducted only if in the opinion of the administrator sufficient interest is generated or if an aggrieved party so requests.**
