

Department of Environmental Quality, Division of Air Quality PUBLIC NOTICE:

In accordance with Chapter 6, Section 2(m) of the Wyoming Air Quality Standards and Regulations, notice is hereby given that the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to approve a request by BP America Production Company to construct a new multiple well gas/condensate production facility, known as the Tierney II Unit 24-70D PAD, consisting of the Tierney II Unit 24-70D, 24-100D, 24-110D, 24-120D, 24-130D, 24-140D and 24-150D wells, with four smokeless combustion devices to control volatile organic compound and hazardous air pollutant emissions associated with the condensate storage tanks, active produced water tanks and pneumatic pumps, located in the SE1/4NW1/4 of Section 24, T19N, R94W, approximately five (5) miles south-southeast of Wamsutter, in Sweetwater County, Wyoming.

For the duration of the public comment period, copies of the permit application, the agency's analysis, and the public notice are available for public inspection online at <http://deq.wyoming.gov/aqd/new-source-review/resources/applications-on-notice/> and at the Sweetwater County Clerk's Office, Green River, Wyoming. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities.

Written comments may be directed to the Administrator, Division of Air Quality, Department of Environmental Quality, 122 W. 25th St., Cheyenne, Wyoming 82002 or by fax (307) 777-5616. Please reference A0001300 in your comment. Comments submitted by email will not be included in the administrative record. All comments received by 5:00 p.m., Friday, October 30, 2015 will be considered in the final determination on this application. A public hearing will be conducted only if in the opinion of the administrator sufficient interest is generated or if an aggrieved party so requests.
