

In accordance with Chapter 6, Section 2(m) of the Wyoming Air Quality Standards and Regulations, notice is hereby given that the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to approve a request by Mullinax Concrete Service Co. to establish the Pee Gee Mine, which will include sand and gravel crushing, screening, exposed acreage, stockpiling and haul activity, located in the N1/2SW1/4 of Section 10, T56N, R77W, approximately fourteen (14) miles north of Arvada, in Sheridan County, Wyoming. The applicant estimates an annual production rate of 100,000 tons. No hot mix asphalt plants or concrete batch plants are planned for this site.

For the duration of the public comment period, copies of the permit application, the agency's analysis, and the public notice are available for public inspection online at <http://deq.wyoming.gov/aqd/new-source-review/resources/applications-on-notice/> and at the Sheridan County Clerk's Office, Sheridan, Wyoming. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities.

Written comments may be directed to Steven A. Dietrich, Administrator, Division of Air Quality, Department of Environmental Quality, 122 W. 25th St., Cheyenne, Wyoming 82002 or by fax (307) 777-5616. Please reference A0001313 in your comment. Comments submitted by email will not be included in the administrative record. All comments received by 5:00 p.m., Monday, September 28, 2015 will be considered in the final determination on this application. A public hearing will be conducted only if in the opinion of the administrator sufficient interest is generated or if an aggrieved party so requests.
