

In accordance with Chapter 6, Section 2(m) of the Wyoming Air Quality Standards and Regulations, notice is hereby given that the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to approve a request by RKI Exploration & Production, LLC to modify Skeleton Spring Unit 36-68-10 1TH well site by converting it to a central facility, known as the Skeleton Spring Unit 36-68-10 PAD, with the addition of production and equipment associated with one new well, the Skeleton Spring Unit 36-68-10 2TH, with two smokeless flares to control volatile organic compound and hazardous air pollutant emissions associated with the oil tanks, active produced water tanks and truck loadout, located in the SW1/4SW1/4 of Section 10, T36N, R68W, approximately seventeen (17) miles northeast of Bill, in Converse County, Wyoming.

For the duration of the public comment period, copies of the permit application, the agency's analysis, and the public notice are available for public inspection online at <http://deq.wyoming.gov/aqd/new-source-review/resources/applications-on-notice/> and at the Converse County Clerk's Office, Douglas, Wyoming. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities.

Written comments may be directed to Steven A. Dietrich, Administrator, Division of Air Quality, Department of Environmental Quality, 122 W. 25th St., Cheyenne, Wyoming 82002 or by fax (307) 777-5616. Please reference A0001342 in your comment. Comments submitted by email will not be included in the administrative record. All comments received by 5:00 p.m., Friday, September 18, 2015 will be considered in the final determination on this application. A public hearing will be conducted only if in the opinion of the administrator sufficient interest is generated or if an aggrieved party so requests.
