| | Sage-Grouse Core Area (WY Executive Order 2011-5) |
| | Overland Trail Ranch Boundary |

The CCSM Project Site boundary shown in this Site Plan is intended to be representative and is not precise in some instances, due to scale and to be consistent with the project site boundary shown in BLM's NEPA documentation. There are certain private lands included within the CCSM Project Site boundary depicted on this Site Plan that are not part of the CCSM Project. These lands are not included in the project's legal description in Appendix A or in the list of affected landowners in Appendix B.
