### CHANGE IN CONSTRUCTION SCHEDULE MEDICINE BOW FUEL & POWER DEQ/ISC-07-01

Mr. Rolfes:

Your letter of October 21, 2008 gave us notice of a change in the construction schedule for the captioned project; and confirmed the updated construction schedule given to us on September 11, 2008. Following the procedures of condition #15 of the permit, we conclude that the change in schedule will not result in any significant adverse environmental, social, and economic impacts in the area of site influence. Accordingly, the change in schedule is authorized.

Sincerely,

John V. Corra  
Director
