

Coal Mining Permits

NEWSPAPER PUBLICATION - ANNUAL REPORTS

Chapter 12, Section 2(c) - Single Publication Initiated by the LQD Administrator

As required by Chapter 12 of the Coal Rules and Regulations:

1. The Administrator shall publish a notice in a newspaper of general circulation in the locality of the mining operation. This notice shall be published one time only.
2. This notice shall notify all interested persons that the annual report is available for review and that the renewal area and incremental bond calculations will be determined.
3. The following format should be mailed to the appropriate newspaper along with a request that the newspaper mail an affidavit of publication and an invoice to the LQD Cheyenne Office to ensure prompt payment.

Public Notice

In accordance with the Wyoming Department of Environmental Quality, Land Quality Division, Coal Rules and Regulations, Chapter 12, Section 2(c), the Administrator of the Land Quality Division hereby gives notice that on (date received), the annual report for the (permit name), Wyoming Permit No. _____ located (locate the permit area relative to the closest town or natural landmark), was filed with the Division. All interested persons may review the annual report at the following address. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities.

Wyoming Department of Environmental Quality
Land Quality Division
(provide address for the appropriate District Office)

The renewal bond for area and incremental calculations will be determined for the coming year. Interested persons may submit information relating to the bond amounts within thirty (30) days of this notice. This information may be submitted to the above address. This information, together with information submitted by the operator and developed by the Division, shall be considered by the Administrator and Director in setting bond amounts.
