RECEIVED

**RE: Termination of Notice of Violation Docket No. 4559-09, A. Pleasant Construction Co., Inc., Small Mining Permit 737(s)**

Gentlemen:

Notice of Violation Docket No. 4559-09 was issued September 21, 2009 for affecting more than 10 acres of land in one year under a Small Mining Permit and for failure to submit Annual Reports as required by the Wyoming Environmental Quality Act.

Following issuance of the NOV, a Settlement Agreement was prepared and signed by all parties. Inspections of the mine were then conducted by LQD staff on October 29 and November 20, 2009 to assess compliance with the Settlement Agreement. With the reclamation of significant acreage at the mine, approval of a revised mine plan sequence (Change No. 2 to Permit 737(s) to allow for earlier reclamation of a depression, submittal of required Annual Reports, and receipt of a penalty assessment on November 2, 2009, all terms of the Settlement Agreement have been met to the satisfaction of this office.

Please be advised that the above-referenced Notice of Violation is hereby terminated. If you should have any questions regarding this correspondence, please feel free to call.

Sincerely,

John Erickson  
Assistant District II Supervisor  
Land Quality Division
