Under the authority of the Wyoming Environmental Quality Act:

Notice of Violation No. 100565, dated May 27, 2011

Cessation Order No. _____, dated _____

is modified on this date as follows: The remedial action plan required Cordero-Rojo to submit a plan for preventing fumes from impacting people by June 10, 2011 and that has been modified to June 17, 2011. The NOV also required a permit revision to incorporate tis plan into the permit by June 24, 2011 and that date has been modified to June 30, 2011.

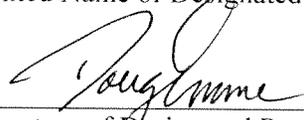

Reasons: The LQD Blasting Engineer met with Cordero-Rojo staff on June 7, 2011 and discussed the control plan and what things should be in the permit and the mine staff felt that they would need a little more time to get the plan written up and the revision submitted.

Effective Date June 8, 2011
