**RE: GECR, LLC, Limited Mining Operation 908ET, Rocky Top Pit
Termination of Notice of Violation, Docket No. 4124-07**

Dear Gay,

On August 7, 2007, Rock Top Rock, Inc. was issued a notice of violation Docket No. 4124-07 pertaining to the Limited Mining Operation (LMO) 908ET. A Consent Decree was subsequently issued by the First Judicial District Court of Laramie County, State of Wyoming which specified items required to bring the LMO into compliance. Both have been carried with 908ET. As you know, I was working with Bert McNeel Jr. to bring the pit into compliance when there was a foreclosure on the property.

Through the foreclosure proceedings, GECR, LLC (Gay Edwards and Clarence Reinhart managing members) bought the property and applied to transfer the mining operation to them. The transfer was approved. GECR, LLC posted additional bond for the site and performed reclamation to bring the pit back to 10 acres. DEQ/LQD is satisfied that conditions of the consent decree have been met.

In closing, I am terminating the Notice of Violation, Docket No. 4124-07 as the obligations of the Consent Decree have been reasonably satisfied. If you have any questions, please do not hesitate to contact me (307) 332-3047.

Respectfully,

Tanya King
