RE: Letter of Compliance for Notices of Violation (NOV) Docket Numbers 4882-11 and 4985-12
Wyoming High Country, Facility Number 0-005235

Dear Mr. Jones:

After reviewing the files for the above mentioned facility, it has been determined that Wyoming High Country, LLC, has complied with NOV Docket Number 4882-11 and NOV Docket Number 4985-12. The facility now has a Spill Prevention Control and Countermeasure (SPCC) Plan, the facility has a licensed Class A and Class B Storage tank operator, and it appears that a fence has been installed. Therefore, the Fuel Delivery Prohibition Order that was included in the NOV is now lifted, and the DEQ Storage Tank Program (STP) considers this NOV resolved.

Wyoming Water Quality Rules and Regulations (WWQRR) Chapter 17, Section 13(e), requires that you perform an operator's annual inspection by August 27, 2014. WWQRR, Chapter requires that you perform daily inventory control and to document that interstitial monitoring is conducted monthly.

If you have any questions regarding this matter please feel free to contact me at (307)777-7097, or my e-mail address is oma.gilbreth@wyo.gov .

Sincerely,

Oma K. Gilbreth IV
