

WY DEQ Permitted Scrap Tire Management - Service Providers

Updated: March 19, 2009

DISCLAIMER: The Wyoming Department of Environmental Quality (WDEQ), Solid and Hazardous Waste Division (SHWD) has identified the following businesses which provide services for managing this waste stream. The WDEQ/SHWD does not recommend or endorse any of these facilities or their services. Regulatory information regarding the facilities located in Wyoming can be obtained by contacting the WDEQ/SHWD in Casper (307) 473-3450, Cheyenne (307) 777-7752 or Lander (307) 332-6924.

All permitted municipal solid waste landfills may accept scrap tires; landfills should be contacted to identify the facility's policies and charges for scrap tires
