Rating Item	Rating	Weight	Score
1. Identification of key personnel (at a minimum include project manager, project engineer, project geologist) and experience and qualifications of each relative to THIS PROJECT .		3	
2. Resources and personnel available to perform work in reasonable time frame and on schedule. Discussion of current and projected workloads. Assurance that firm workload will be conducive to dedicate staff to this project. Past performance.		2	
3. Relative location of key personnel (project manager, project engineer, project geologist) to the project. Ratings will be assigned by STP Manager. Two additional points will be awarded to Wyoming firms, which may result in a rating of 12 for this item. Firms should identify the location of the project manager, project engineer, and project geologist. If key personnel are not located in the same office, the key person's location furthest from the project will be used to assign the rating.		1	
4. Volume of work previously awarded (number of projects) and equitable distribution of contracts among firms submitting an SOI. Ratings will be assigned by the STP Manager using historical data for the program. Firms should not include a discussion of this rating item. Ratings will be assigned relative to other firms submitting an SOI. Lower ratings will be assigned for the most work previously awarded.		1	
5. Remediation work experience of firm and staff proposed for this project in or near project sites with similar geologic conditions.		3	
6. Other unique project-specific experience and considerations.		3	
7. Green Remediation Strategies.		1
