

CAFO Precipitation Log

Facility Name: _____ WYPDES Permit No.: _____

Track dates of precipitation events and the amount of precipitation received. Precipitation amounts may be collected from an on-site rain gage or from a local weather station. Use the “Notes” column to describe problems or document observations associated with precipitation events.

Date	Precipitation Amount (inches)	Initials	Notes (Note any problems or observations)

Date	Precipitation Amount (inches)	Initials	Notes (Note any problems or observations)

Date	Precipitation Amount (inches)	Initials	Notes (Note any problems or observations)
