DEPARTMENT OF ENVIRONMENTAL QUALITY
STATE OF WYOMING

**IN THE MATTER OF THE NOTICE OF
VIOLATION ISSUED TO:**

**Mr. Thomas E. Doll, P.E.
District Manager
Williams Production RMT Company
300 North Works Avenue
Gillette, Wyoming 82716**

DOCKET NUMBER 3890-06

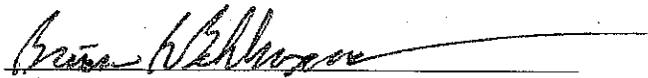

NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division (WQD) issued Notice of Violation (NOV) Docket Number 3890-06 to Williams Production RMT Company (Williams) on June 12, 2006. The NOV alleged that Williams discharged coal bed methane (CBM) produced water from a reservoir in violation of permit conditions. The discharge occurred in Campbell County, Wyoming. This is a violation of the Wyoming Environmental Quality Act (Act) and applicable Wyoming Water Quality Rules and Regulations (WWQRR).

At the request of the WQD, Williams has submitted a permit application to the WQD to modify WYPDES permit WY0050709. The permit application requests the use of multiple on-channel reservoirs below each permitted outfall. Multiple on-channel reservoirs will only be allowed for use where Williams can demonstrate that no irrigation activities occur between the reservoirs. Additionally, discharges from the reservoirs will only be allowed when the reservoirs overtop.

Based on the receipt of the requested permit information by the WQD, Williams has submitted all requested information. The DEQ finds that all terms have been satisfied and the NOV is now resolved.

Dated this 9th day of August, 2006.
