DOCKET NUMBER 3919-06

NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division (WQD) issued Notice of Violation (NOV) Docket Number 3919-06 to Big Horn Mountain KOA Inc. (KOA) on September 11, 2006. The NOV alleged that KOA's wastewater discharges resulted in exceeding permitted effluent limits at the campground facility. These are violations of the Wyoming Environmental Quality Act (Act) and applicable Wyoming Water Quality Rules and Regulations (WWQRR).

The NOV required KOA to pay a total penalty of five thousand dollars and no cents (\$5,000.00) to the DEQ and upgrade the package wastewater treatment plant located at the facility. Based on the September 19, 2006 letter and receipt of the \$5,000.00 through a structured settlement penalty payment by DEQ, KOA has complied with the conditions, excluding paragraph three (3), of the Settlement Agreement for Docket Number 3919-06 and the DEQ finds that all other terms have been satisfied.

Paragraph 3 of the Settlement Agreement indicates KOA will connect to a sanitary collection line proposed for construction by the City of Sheridan when completed. KOA will be required to inform DEQ of this connection, terminate WYPDES permit WY0026441, and dismantle the wastewater treatment plant currently being operated.

Dated this 6th day of September, 2007.
