DOCKET NUMBER 4162-07

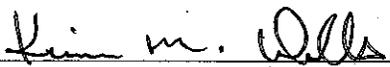

NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division (WQD) issued Notice of Violation and Order Docket Number 4162-07 on November 2, 2007 to Windsor Energy Group, LLC, (Windsor). The alleged violations included the breach of a reservoir and storm water permit violations by Windsor. The breach of a full containment reservoir is a violation of WYPDES permit WY0054542. Storm water violations included lack of maintenance of BMPs and inspection reports.

The Notice of Violation required Windsor to inspect and assess all reservoirs under their operation and provide a written assessment to the DEQ. Windsor is also required to maintain storm water BMPs throughout the life of the permit. Based on the January 22, 2008 letter received, Windsor has complied with the conditions of the Order for Docket Number 4162-07 and the DEQ finds that all terms have been satisfied.

The DEQ looks forward to working with Windsor in a proactive manner and is available for future quarterly or semi-annual meetings to discuss compliance issues or concerns regarding WYPDES permit requirements.

Dated this 31 day of January, 2008.
