DOCKET NUMBER 4372-08

NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division (WQD) issued Notice of Violation Docket Number 4372-08 on October 27, 2008 to Lower Valley Energy (LVE). The NOV alleged that LVE had an unpermitted discharge into a water of the state and exceedances of Wyoming surface water quality standards. These are violations of the Wyoming Environmental Quality Act (Act) and applicable Wyoming Water Quality Rules and Regulations (WWQRR).

The Notice of Violations required LVE to pay a total of ten thousand three hundred dollars and no cents (\$10,300.00) and submit in writing actions to be taken to achieve compliance with permit requirements to the DEQ. Based on reviewed information submitted by LVE and receipt of the penalty payment (received January 9, 2009), LVE has complied with the conditions of the Settlement Agreement for Docket Number 4372-08 and the DEQ finds that all terms have been satisfied.

Dated this 13th day of January, 2009.
