**IN THE MATTER OF THE NOTICE OF
VIOLATION & ORDER ISSUED TO:**

Mr. Phillip Hoy
PO Box 1656
Gillette, WY 82717

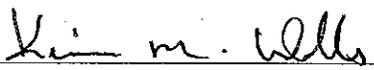

DOCKET NUMBER 4346-08

NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division (WQD) issued Notice of Violation Docket Number 4346-08 on October 9, 2008 to Phillip Hoy (Hoy). The NOV alleged that Hoy had numerous recurring WYPDES permit violations with regards to the Wyoming Environmental Quality Act (Act) and applicable Wyoming Water Quality Rules and Regulations (WWQRR).

The Notice of Violation required Hoy to submit to the DEQ documentation of completed upgrades to the treatment facility and corrective action implemented to comply with the permit requirements. Based on receipt and review of the submitted information, Hoy has complied with the conditions of the NOV and the DEQ finds that all terms have been satisfied. No penalty was assessed at this time due to the amount of money Hoy had spent to upgrade the treatment facility. It should be noted that effluent exceedances were reported prior to the eviction of potential meth lab operators in the trailer park which the treatment plant serviced. Since the reported date of the evictions the effluent discharge has been in compliance.

Dated this 3rd day of February, 2009.
