**Mr. Wayne Fisher

DOCKET NUMBER 4926-11

NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division (WQD) issued Notice of Violation and Order Docket Number **4926-11** on December 5, 2011 to Pioneer Oil, LLC (Pioneer), for failure to submit quarterly monitoring reports for the Underground Injection Control (UIC) facilities listed in **Table 1**:

Table 1

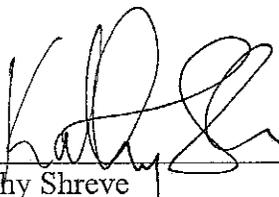

Facility	Well	General Permit
WYS-033-080	13I-19-5578	5C5-3
WYS-033-086	3I-20-5578	5C5-3
WYS-033-079	3I-30-5578	5C5-3
WYS-033-087	4I-24-5578	5C5-3
WYS-033-081	4I-24-5579	5C5-3

The Order required Pioneer to submit all delinquent monitor reports and a comprehensive plan of action to identify the causes and correct the deficiencies and include any corrective actions taken to bring the facility into compliance.

Pioneer Oil, LLC staff reviewed company records and determined that the wells listed in **Table 1** have never been drilled, and requested cancellation of all UIC permits associated with the facilities listed in **Table 1**. As these facilities were never installed, and the permittee has requested cancellation of the UIC permits associated with these facilities, the Wyoming Department of Environmental Quality considers the Notice of Violation and Order **4926-11** to be satisfied.

The UIC permits listed in **Table 1** are hereby cancelled. Should Pioneer Oil LLC desire to inject coal bed methane water at these locations in the future, they will be required to obtain new UIC permits to do so.

Dated this 12 day of March, 2013.
