DOCKET NUMBER 5126-13

NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division (WQD) issued Notice of Violation Docket Number **5126-13** on March 15, 2013 to the Wyoming Military Department and KPF Consulting Engineers. The NOV alleged that Wyoming Military Department and KPF Consulting Engineers constructed a public water and sewerage system without a permit. This is a violation of the Wyoming Environmental Quality Act (Act) and applicable Wyoming Water Quality Rules and Regulations (WWQRR).

The Wyoming Military Department and KPF Consulting Engineers have submitted application for 'as built' permits for the water and sewer systems. Those permits have been issued. Additionally the Settlement Agreement (SA) required a fine be paid for constructing without a permit and that fine has been paid. The DEQ/WQD finds that all terms of the SA have been satisfied and the water and sewer systems are in compliance with the Act and WWQRR.

The DEQ looks forward to working with the Wyoming Military Department and KPF Consulting Engineers in a proactive manner and is available to discuss future permitting and/or construction issues.

Dated this 6th day of JUNE, 2013.
