DOCKET NUMBER 5173-13

NOTICE OF COMPLIANCE

The Department of Environmental Quality (DEQ), Water Quality Division (WQD) issued Notice of Violation and Order Docket Number **5173-13** on June 24, 2013 to Kelly Eckhardt Transport, LLC (Eckhardt). The NOV alleged that Eckhardt had violations at the site to include; failure to operate with and Industrial General Storm Water authorization and install effective best management practices (BMPs) to prevent pollutants from entering the drainages. These were violations of the Wyoming Water Quality Rules and Regulations (WWQRR).

The Order with Notice of Violation #**5173-13** required Eckhardt to submit the required application to obtain authorization under the Industrial General Storm Water permit with a SWPPP for approval. Based on reviewed information submitted by Eckhardt and approval of the SWPPP Eckhardt has complied with the conditions of the Settlement Agreement for Docket Number **5173-13** and the DEQ finds that all terms have been satisfied.

The DEQ looks forward to working with Eckhardt in a proactive manner and is available for future meetings to discuss compliance issues or concerns regarding WYPDES permit requirements.

Dated this 26th day of March, 2014.
