

This is a notice of final adoption of revised Wyoming Water Quality Rules and Regulations. Chapter 24, Class VI Injection Wells and Facilities, Underground Injection Control Program, was modified to incorporate financial assurance requirements from W.S. § 35-11-313 and federal requirements found at 40 CFR 146.85; to incorporate liability insurance requirements from W.S. § 35-11-313; to incorporate conditions for conversion of other class wells to Class VI wells from W.S. § 35-11-313 and federal requirements found at 40 CFR 144.19; to incorporate federal conditions, found at 40 CFR 146.95, for a waiver of the requirement to inject below the lowermost underground source of drinking water (USDW); and to correct grammar and punctuation errors.

The Environmental Quality Council adopted the revised rules at a public hearing in the Casper College, Strausner Hall, Room SH 217, 125 College Drive, Casper, Wyoming on June 15, 2016. The final rule was filed with the Wyoming Secretary of State on July 25, 2016.

Copies of the Water Quality Rules and Regulations are available electronically on the Wyoming Secretary of State website at: <http://soswy.state.wy.us/Rules/default.aspx>

If you have any questions concerning this rule adoption, please contact Gina Thompson at 307-777-7343 or at gina.thompson@wyo.gov.
