

NOTICE OF INTENT

<p><i>Official Use Only</i></p> <p>Date received:</p>

**TO REQUEST
DISCHARGE AUTHORIZATION
FOR STORM WATER FROM
LARGE CONSTRUCTION ACTIVITIES**

(Under Large Construction General Permit
WYR10-0000)

- ✓ Please print or type.
- ✓ All items must be completed accurately and in their entirety or the NOI will be deemed incomplete and will be returned. A complete SWPPP must be submitted before the NOI will be processed.
- ✓ Storm water discharges are covered under the large construction general permit when the Administrator provides a letter of authorization (LOA) to the applicant (see Part 1.2.4 of the permit).
- ✓ **Permit fees must be submitted with this NOI. See item 2 below.**
- ✓ An original signature of the applicant is required. Faxes or emails cannot be accepted.

<p>For Renewing Existing Coverage Only:</p> <p>Check here only if you are extending an early expiration date on existing coverage because your construction site is not “finally stabilized.” Please provide your current authorization number. <i>Authorization WYR10</i> _____</p>

2. WYPDES Permit Fee

<p>Applications under the WYPDES program must include payment for permit fees with the application or notice of intent. See the WYPDES fee page at https://wywaste.wyo.gov/calc/wypdesfeecalc.html for more information and to find the fee calculator. Please provide the following information to verify your permit fee amount.</p>		
NOI date (date you expect to submit the NOI):		
Month and year you wish coverage under the LCGP to expire (not to exceed 8/1/2025). <i>LCGP coverage must be maintained on this project until the project no longer requires permit coverage (i.e., the project reaches “finally stabilized” condition – see Part 2.9 in the permit for a definition). Permittee must renew coverage if the project is not “finally stabilized” by this date:</i>		
Submit NOI plus attachments and pay permit fee online at http://deq.wyoming.gov/wqd/ OR submit NOI and attachments by mail or in person and pay fees by check or cash (address below).	Amount remitted:	

3. Wyoming Conservation Executive Orders 2019-3 and 2020-1

See Part 8 of the LCGP for more information on how these Executive Orders may apply to your project and additional information regarding compliance and contacting the Wyoming Game and Fish Department with further questions.

Sage Grouse. Pursuant to the Wyoming Governor’s Executive Order (EO) 2019-3, applicants must determine if any part of their project is in Sage Grouse Core Area (SGCA), Connectivity Area, Winter Concentration Area, or within two miles of a Non-core Area Sage Grouse Lek as determined under the Executive Order. If your project meets any of these conditions, the applicant must consult with the Wyoming Game and Fish Department (WGFD) and obtain a letter confirming consistency with the EO. That letter will be required to process your application.

Some part of my project does fall within the area described and I contacted the WGFD for a consultation. A letter from the WGFD confirming consistency with Executive Order 2019-3 is attached.

No part of my project falls within the described area → No additional requirements. Complete and submit your Notice of Intent.

Migration Corridors. Pursuant to Wyoming Governor’s EO 2020-1, applicants must determine if any part of their project falls within a Migration Corridor designated under this EO. If your project does, you must consult with the Wyoming Game and Fish Department (WGFD) and obtain a letter confirming consistency with the EO. That letter will be required to process your application.

Some part of my project does fall within the area described and I contacted the WGFD for a consultation. A letter from the WGFD confirming consistency with Executive Order 2020-1 is attached.

No part of my project falls within the described area → No additional requirements. Complete and submit your Notice of Intent.

4. Project Description:

Briefly describe the project:			
Area that your project will disturb during construction in acres:		Total disturbed area of the “larger common plan of development or sale” (if applicable):	
Date construction is planned to start:		Date “final stabilization” is expected:	

5. Project Information:

Project Name:			
Project County(ies)			
Project Location: Provide the location as either section, township and range OR a street address. For linear projects such as roads or pipelines provide the locations of the endpoints.			
<i>If this is a linear project add ending location. If more space is needed attach additional sheet(s):</i>			
Latitude and longitude to a minimum of 5 decimal places:		If this is a WYDOT project, list project number(s) and WYDOT project engineer:	
<p>Access to facility and map of access route(s): As part of its application, the applicant shall certify under penalty of perjury that the applicant has secured and shall maintain permission for Department of Environmental Quality personnel and their invitees to access the permitted facility, including (i) permission to access the land where the permitted facility is located, (ii) permission to collect resource data as defined by Wyoming Statute § 6-3-414, and (iii) permission to enter and cross all properties necessary to access the permitted facility if the facility cannot be directly accessed from a public road. A map of access route(s) to the facility shall accompany the Notice of Intent and SWPPP.</p>			

6. Receiving Waters and Municipal Storm Sewers:

Name(s) of the nearest defined drainage(s) which could receive runoff from the construction project, whether it contains water or not. Include bodies of water such as lakes and wetlands where applicable.		
Will storm water discharge from the project enter a municipal storm sewer?	Yes	No
If so, what municipality?		
To what water body does the storm sewer discharge?		
Identify all water bodies that are within 2000 feet the construction site and that may receive flow from the construction site that are: 1. Listed on the state’s 303(d) report as impaired due to sediment, suspended solids or turbidity or 2. Have an approved TMDL for sediment, suspended solids or turbidity		

7. Attachments (failure to provide required attachments will result in return of the application package):

For all projects:

- A complete SWPPP** must be submitted with the NOI for **all** projects via the WDEQ upload link or via email
- A map of access routes** to the project that comply with the access requirements as defined in item 5 above.
- Fees must be paid at time of submission.** To determine the fee amount required for this application go to the fee calculator at <https://wywaste.wyo.gov/calc/wypdesfeecalc.html>. Payment may be online for uploaded applications or by check for mailed or delivered application packages. Make checks payable to the DEQ/WQD.

For any project that falls partly or completely within areas defined by EO 2019-3 (sage grouse) and/or EO 2020-1 (migration corridors):

- Provide letter(s) from the WGFD confirming consistency with the relevant Executive Order(s).

Alternative inspection plans only.

- Operators seeking approval for alternative inspection schedules at the beginning of their project must submit the project SWPPP and proposed inspection plan with their NOI. Approval for an alternative plan may also be requested later (see Part 10.5 in the permit).

8. Copy of General Permit.

A copy of the general permit may be downloaded at <http://deq.wyoming.gov/wqd/storm-water-permitting/resources/construction-general-permits/>

9. Certifications:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is to the best of my knowledge and belief, true, accurate, and complete. Additionally, I certify that I have secured and shall maintain permission for Department of Environmental Quality personnel and their invitees to access the permitted facility, including (i) permission to access the land where the facility is located, (ii) permission to collect resource data as defined by Wyoming Statute § 6-3-414, and (iii) permission to enter and cross all properties necessary to access the facility if the facility cannot be directly accessed from a public road. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. Additionally, I certify that I am aware of the terms and conditions of the large construction general permit and I agree to comply with those requirements and any additional sage grouse or migration corridor Executive Order stipulations and operating restrictions or recommendations provided by the Wyoming Game & Fish Department for activities in areas subject to either or both executive orders.

Authorized signatories for this notice of intent are the following "legally responsible persons:"	
<i>For corporations:</i>	<i>A principal executive officer of at least the level of vice president, or the manager of one or more manufacturing, production, or operating facilities, provided the manager is authorized to make management decisions which govern the overall operation of the facility from which the discharge originates.</i>
<i>For partnerships:</i>	<i>A general partner.</i>
<i>For a sole proprietorship:</i>	<i>The proprietor.</i>
<i>For a municipal, state, federal or other public facility:</i>	<i>Either a principal executive officer or ranking elected official.</i>
