

NOTICE OF TRANSFER AND ACCEPTANCE

Of Terms of an Authorization Under All Storm Water General Permits Except the Municipal Separate Storm Sewer System (MS4) General Permit

Official Use Only
Date received:

Chapter 2, Section 19 of the Wyoming Water Quality Rules and Regulations allows for either a conditional or automatic transfer of WYPDES discharge permits (including storm water authorizations) from one operator to another. Conditional transfers occur when the department has either modified or revoked the original permit and reissued to the new permittee. Automatic transfers occur 30 days after receipt of this Notice unless the department takes an action to revoke or modify the associated permit.

Generally, automatic transfers will only be allowed on permits in "good standing." "Good standing" means, at a minimum, that all permit fees and bonding requirements are paid up to date and there are no unresolved violations pending on the permit. The WQD may make a permit transfer effective at any time after the receipt of this form, however, it will automatically become effective after 30 days, if not otherwise disallowed. The WDEQ will provide a new letter of authorization (LOA) to the new permittee.

- ✓ Please print or type.
- ✓ All items must be completed accurately and in their entirety and both parties must have signed the NOTA or it will be deemed incomplete and will be returned.
- ✓ The original form with original signatures of both parties is required. Faxes or emails cannot be accepted. See the box at the end of this form for who may be considered "legally responsible" and is eligible to sign.

Part 1. To be completed by the NEW permittee:

I hereby accept transfer of the Wyoming Storm Water Discharge Permit Authorization No. _____

which was issued to _____. I have reviewed the terms and conditions of the relevant general permit for storm water discharges and hereby assume and agree to pay, perform and discharge the obligations of said permit. I have also reviewed the storm water pollution prevention plan (SWPPP) for this facility and will amend the SWPPP as necessary.

Review done in preparation for the transfer of this permit authorization indicates that this facility is:
In compliance with the terms of the relevant general permit and facility SWPPP or;
Out of compliance with the terms of the relevant general permit and facility SWPPP. A plan of action is attached to this form that describes how and when the facility will be brought into compliance with the permit and SWPPP. The action plan is subject to review by the Water Quality Division.
