The Middle Fork Crow Creek Watershed *E. coli* Total Maximum Daily Load Public Comment Period

The Wyoming Department of Environmental Quality (WDEQ) is developing a Total Maximum Daily Load (TMDL) assessment for *E. coli* in the Middle Fork Crow Creek watershed. This study involves the evaluation of existing studies, determining pollutant loads, and estimating reductions in pollutant loading to achieve water quality standards. The draft *E. coli* TMDL report is available at the local conservation district offices and it can be downloaded from the internet at <http://deq.wyoming.gov/wqd/tmdl/> starting June 1st, 2016. The WDEQ will accept comments on this draft TMDL during the public comment period that is open from June 1st, 2016, to July 16th, 2016. Comments on this TMDL report can be mailed or delivered to: Sol Brich, WDEQ, 200 West 17th Street, Cheyenne, WY 82002. Written comments must be received by 4:30 p.m. July 16th, 2016. Emailed comments will not be accepted. If you have any questions contact Sol Brich at 307-777-7096.
