MEMORANDUM

TO: District Engineers

FROM: Larry Robinson *LR*

DATE: March 10, 1993

SUBJECT: AWWA M14, Recommended Practice For Backflow Prevention and Cross-Connection Control. Policy 14.14.12.

Enclosed for your use is a copy of the above subject document. This document should be used to evaluate connections to public water supplies and determine an adequate level of backflow protection in accordance with Section 14(i), Chapter XII, Wyoming Water Quality Rules And Regulations. Proper design, application, housing and maintenance of the backflow prevention is critical and should be addressed in the permit application and permit conditions.
